

Download Ring's Neighbors App and Enter an Opportunity Drawing to Win a Video Doorbell 2

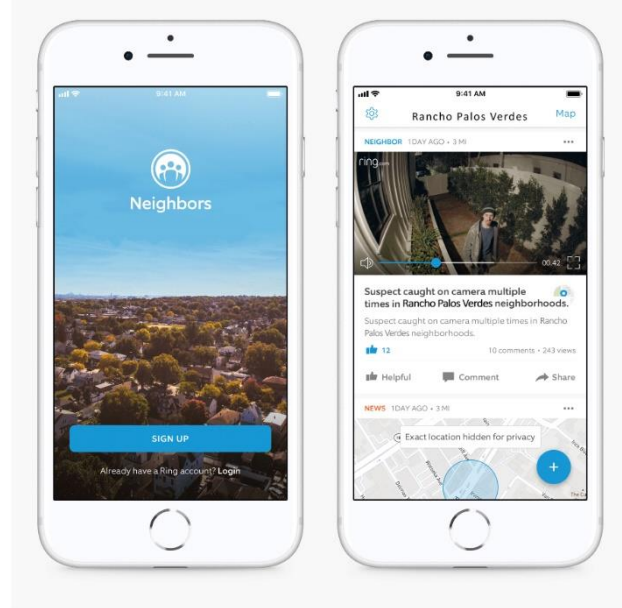

Ring has partnered with RPV to test a pilot program for pre-identified neighborhoods to boost crime prevention efforts and will provide 100 free Ring devices for these neighborhoods if 1,500 residents download the App. We need your help to reach the goal!

Download the App by May 31, 2019, and you can enter into an opportunity drawing to win a [Video Doorbell 2](#) so you can monitor your home from anywhere. The Video Doorbell 2 retails for \$199.00.

What is Ring's Neighbors App?

The Neighbors App is free and can be used by all RPV residents regardless if you own or do not own a Ring device at your home. Residents can anonymously post a text, photo, or video in real-time to keep their fellow RPV neighbors on the lookout! When anyone in your neighborhood shares a crime or safety alert, you will receive a notification on your smartphone or tablet.

During the account setup process users will also be able to create a custom geographic area so that the content in the App is relevant to the user and fellow neighbors. Users can view crime and safety posts on a live feed or interactive map.
